

# Capability Statement

## OVERVIEW

H2RG, Inc. is a telecommunications company that provides the design and installation of wired and wireless network infrastructure for government agencies and the commercial sector. Our **Engineering Division** offers turnkey solutions in the areas of Wireless Communication Systems, Information Technology and Cabling Installation. As a certified **Woman-Owned (WBE) Service-Disabled Veteran-Owned Small Business (SDVOSB)**, and **Disadvantaged Business Enterprise (DBE)**, we invite you to experience the H<sup>2</sup>RG difference!

H2RG is postured to support industry and government agencies by providing BICSI certified installers, lead technicians, program managers and Registered Communications Distribution Designers (RCDD). H2RG is a Panduit Certified Installer (PCI) authorized to design and install the Panduit Pan-Net Cabling System and participate in the Certification Plus System warranty program.

## CORE COMPETENCIES

- Engineering & Installation
- System Planning & Optimization
- Telecommunications
- Inside & Outside Plant
- Tower Erection & Installation
- System Design & Integration
- Combat Information Transport System (CITS)
- Abandoned Cable Removal

As a Prime or sub-contractor, H2RG Inc. can rapidly “staff up” based on our existing relationships with a host of proven contractors. We also collaborate regularly with progressive information technology firms.
